## Chapter 1 by Wolfram

It all started just on a walk to school. I still can't believe it just happened the first and not the last horrible moment of my life. And it starts like this..... "Hey Izzy want to do it again tonight" Jacob says in my head. "No remember what happened last time when the exit portal was in our neighbors house" I think. "Come on please" Jacob says in my head. "No" I think. And we both open our eyes to keep on walking. And ten swat people had surrounded us.

## Chapter 2 by Catherine Grace (doctor who addict)

I should probably explain all this. But I don't know where to begin. How do I tell my story? I suppose the beginning is the best place. For one thing, how could Jacob and I communicate in our minds?

## Chapter 3 by Catherine Grace (doctor who addict)

That's easy. We are the Gifted.

In fact, we are the last two Gifted alive. The government had been hunting us like we were criminals since before we could remember. They had killed the rest of the Gifted after their uses ran out.

The whole portal thing? That was the broken teleporter. It was how the Gifted had avoided their inevitable capture for 100 years. Jacob and I had found it in some old ruins, one of the temples of the Gifted. It worked once, to bring us here, but then broke down. We have been trying to fix it ever since, with no luck. Once it had nearly worked, but had only opened at the

neighbor's house.

Now it seemed the government had more talents than just speaking without taking. We prepared ourselves for what was bound to be an awesome battle.
